

**THE GRADUATE SCHOOL OF NATURAL AND APPLIED SCIENCES GRADUATE PROGRAM PREREQUISITES AND QUOTA INFORMATION FOR FOREIGN STUDENTS**

<b>DEPARTMENT</b>	<b>WORKING FIELD</b>	<b>PROGRAM LEVEL</b>	<b>FOREIGN STUDENT</b>	<b>PRE-REQUIREMENTS FOR APPLICATION TO THE PROGRAMS</b>
<b>ELECTRICAL AND ELECTRONICS ENGINEERING</b>	<b>Electronics</b>	<b>Master</b>	1	Graduates of Electrical-Electronics, Electronics, Electronics and Communication Engineering Departments of Engineering Faculties can apply.
	<b>Communication</b>	<b>Master</b>	1	Graduates of Electrical-Electronics, Electronics, Electronics and Communication Engineering Departments of Engineering Faculties can apply.
	<b>Control and Automation</b>	<b>Master</b>	1	Graduates of Electrical-Electronics, Electronics, Electronics and Communication, Control Engineering Departments of Engineering Faculties can apply.
	<b>Electrical Installations</b>	<b>Master</b>	1	Graduates of Electrical-Electronics, Electronics, Control Engineering Departments of Engineering Faculties can apply.
<b>CIVIL ENGINEERING</b>	<b>Hydraulic</b>	<b>Master</b>	1	Graduates of Civil Engineering Department can apply.
	<b>Mechanics</b>	<b>PhD</b>	1	Having a bachelor's degree from the Department of Civil Engineering and a master's degree in departments of Construction or Mechanics.
	<b>Construction</b>	<b>Master</b>	1	Graduates of Civil Engineering Department can apply.
<b>MECHANICAL ENGINEERING</b>	<b>Energy</b>	<b>Master</b>	1	Graduates of Mechanical Engineering can apply.
	<b>Mechanics</b>	<b>Master</b>	2	Graduates of Mechanical Engineering can apply.
		<b>PhD</b>	2	Having a Master's Degree in Mechanical Engineering
	<b>Construction and Manufacturing</b>	<b>PhD</b>	2	Having a Master's Degree in Mechanical or Biomedical Engineering.
